

Installation Instructions and Serial Number for OpMem Personal Assistant

Use the following Serial Number in the Serial Number Field on the OpMem Activation Request screen.

Serial Number:

23998369-10000000-77762987-20010714

After you download and successfully install OpMem our Security screen appears when you start OpMem Personal Assistant for the first time (and only time).

Click on the active URL link.

This will take you to the OpMem Activation Request Screen page.

Fill in the short form.

You will notice the Request field is already filled in for you. Do not change this field.

Copy and paste the Serial Number shown above in the Serial Number Field.

After you complete this Registration OpMem will open up with the Login Screen.

The Username default and the Password default are the same word: **admin**

(You can change this at any time. See the Help | How to on the OpMem Main Screen)

If you have any questions or need any help with OpMem contact us at support@opmem.com and we will promptly answer your query.
